We need a new term for people who think public health is a communist plot to steal your germs; call it: Mask Derangement Syndrome™. I'm patenting that shit so don't think about stealing it. In any event, the complete buffoon named Tim Gionet, known by his stage name Baked Alaska, posted several videos of him berating people in a store for daring to wear masks. I don't know what state he was in, but I know in several stores have the right to refuse service to you or to ask you to leave if you refuse to wear one. It's irritating and tedious but just wear the motherfucker and stop being a baby. His balls completely deflated when the cops showed up and arrested him. His YouTube channel was subsequently deleted. Hopefully his twitter is next.

Tim is one of the many people in the alt-lite, a group of complete creeps who larped during the Trump campaign as White Nationalists in order to gain an audience. How these people are still listened to is beyond me. There is no vision, no policy, no history, no intellectual debate, no reason for being. These people are completely useless grifters. The sooner big tech censors them, the better.
